

BlockBUZZters

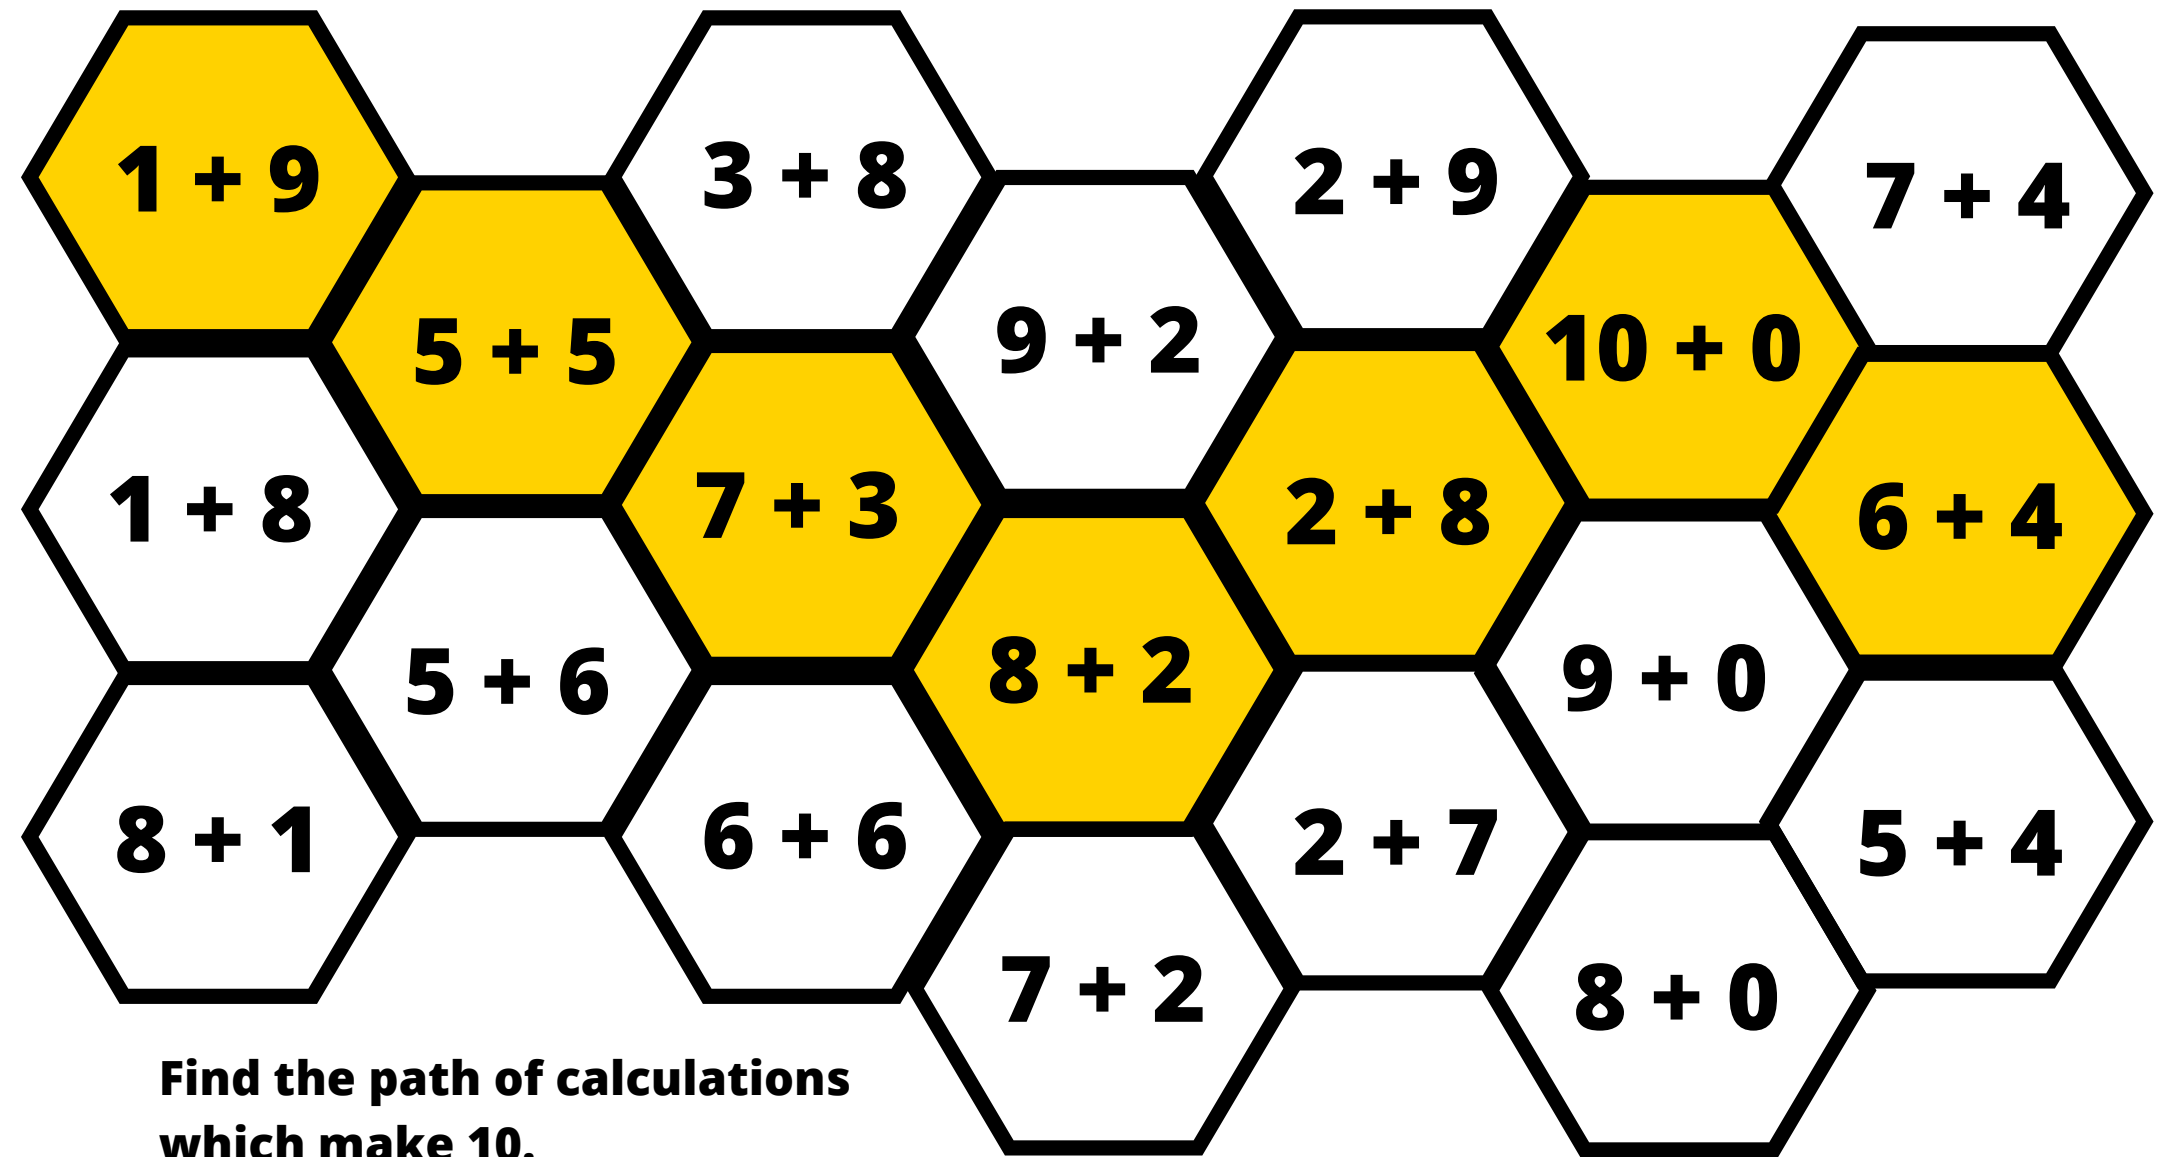

Year 5

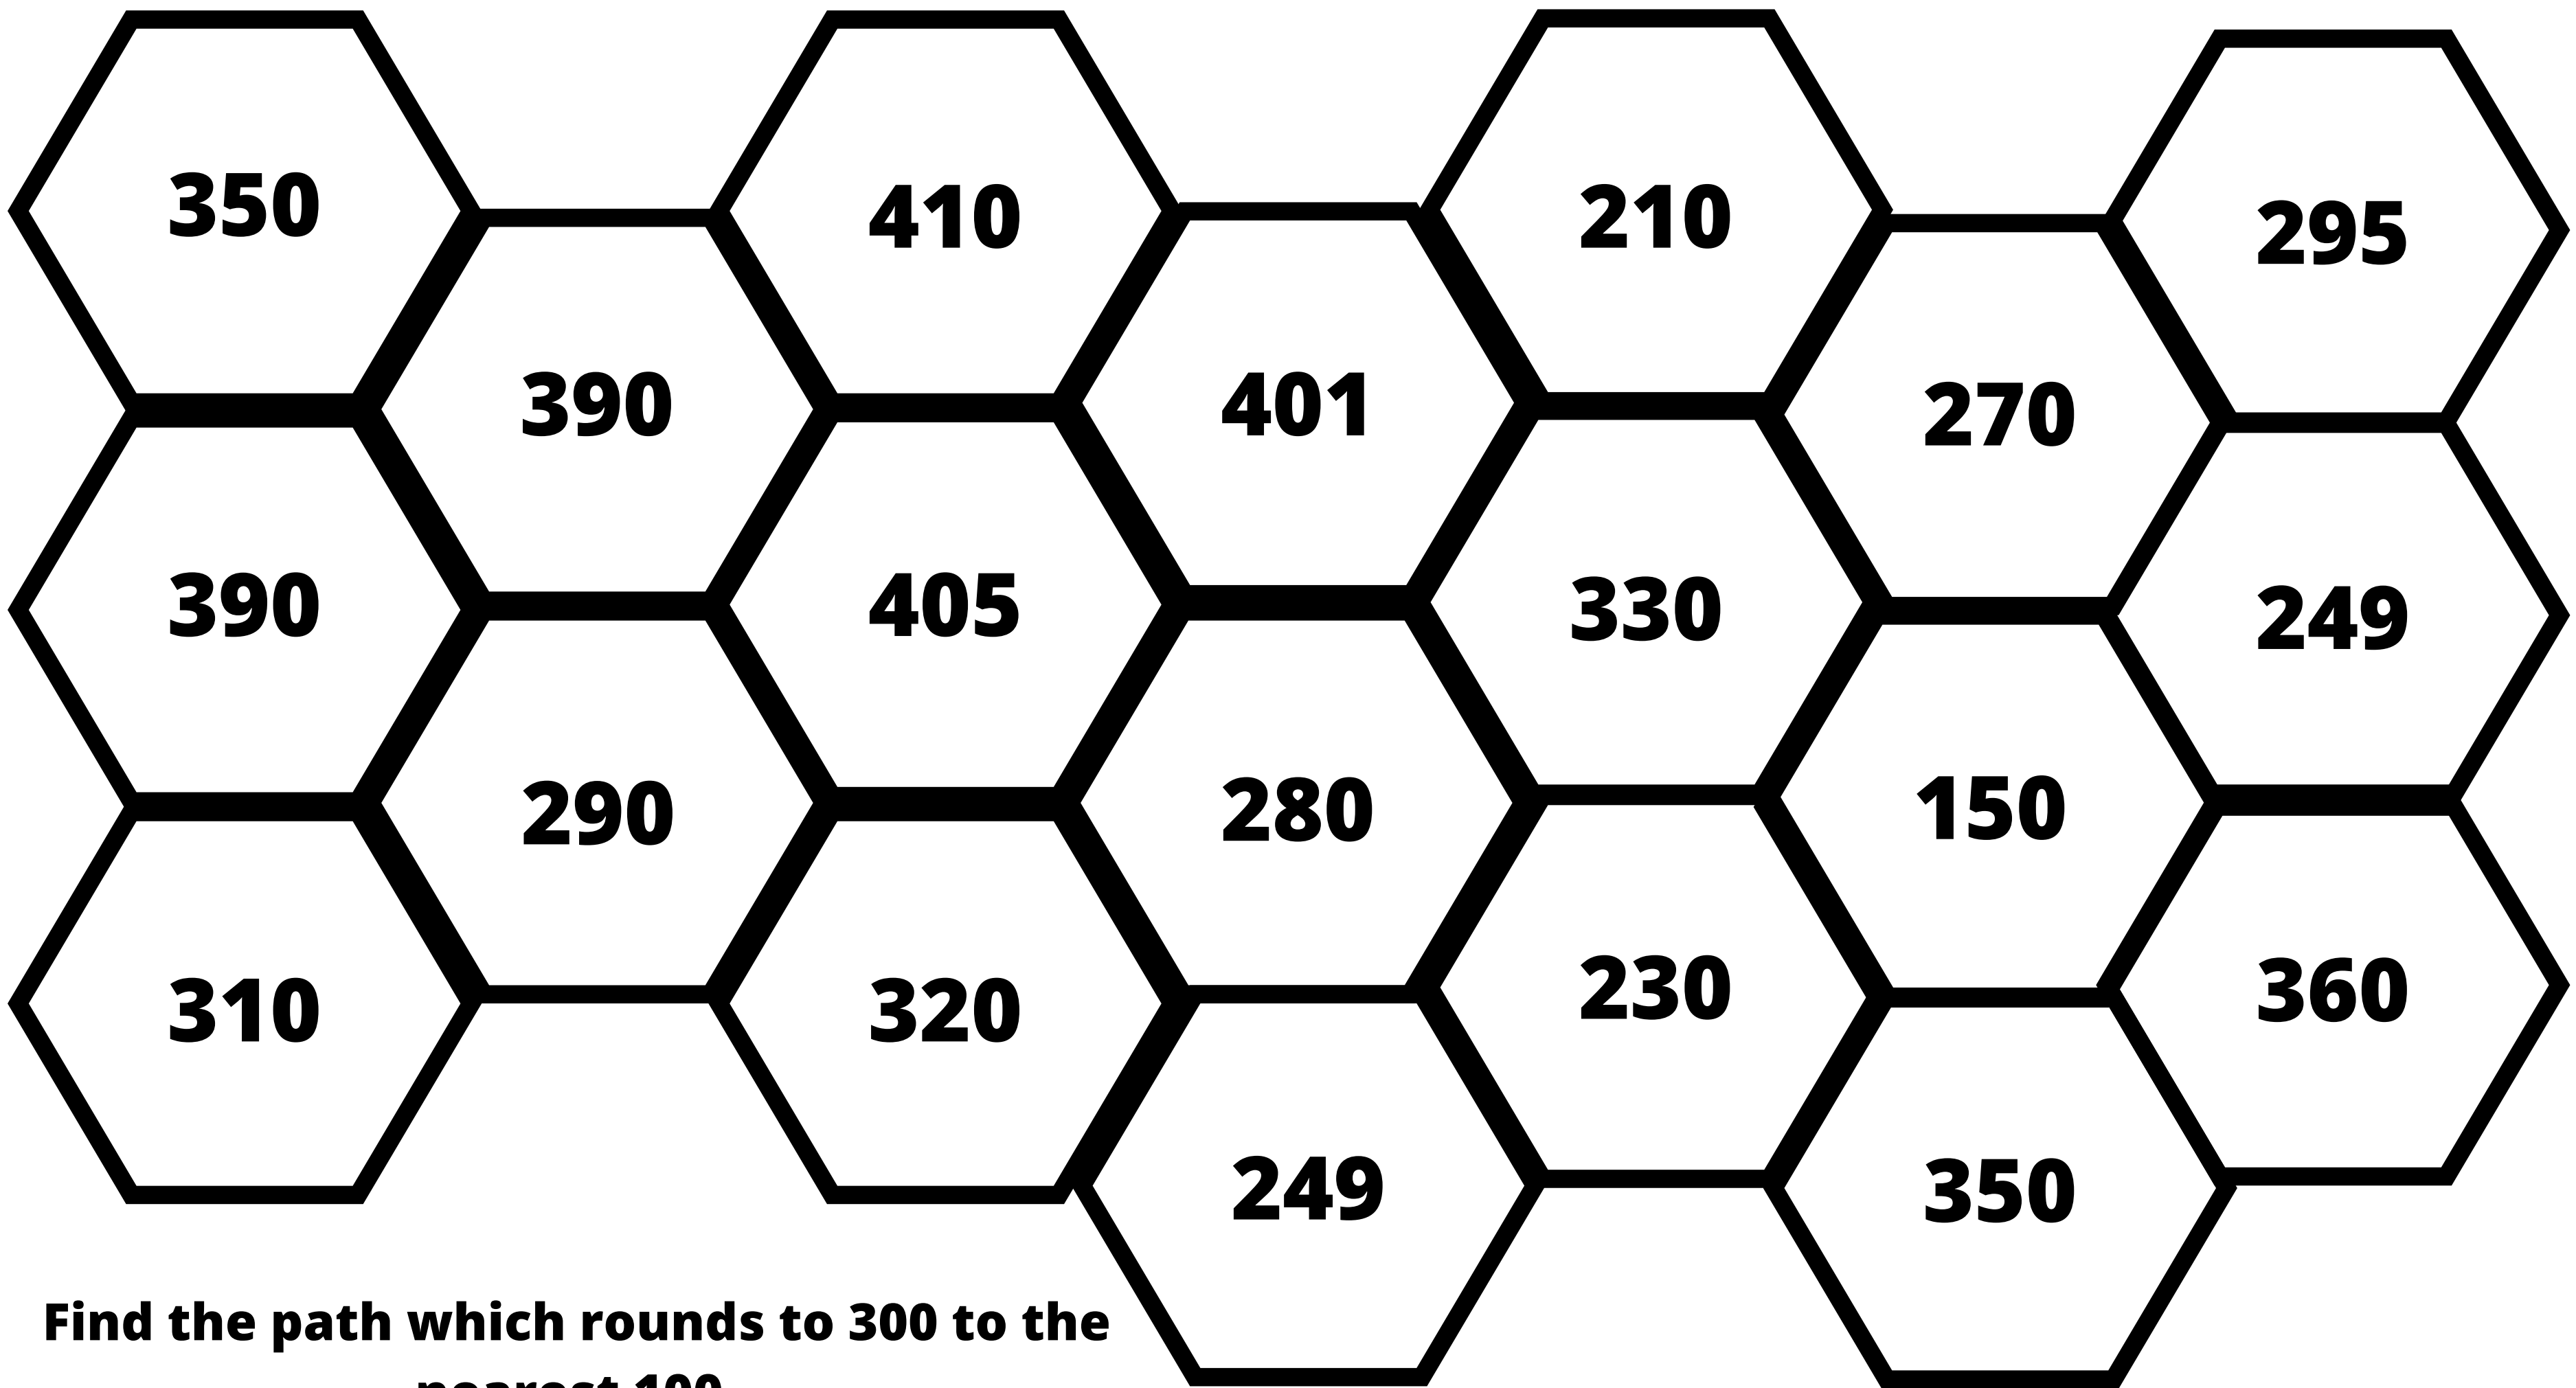

How to play.

- Display or print off the resource.
- Look at the focus of the task at the bottom left of the page (or obscure it for extra challenge, asking children to identify what the focus may be).
- Find an unbreakable path, from left to right, to complete the game.
- Colour in the path.

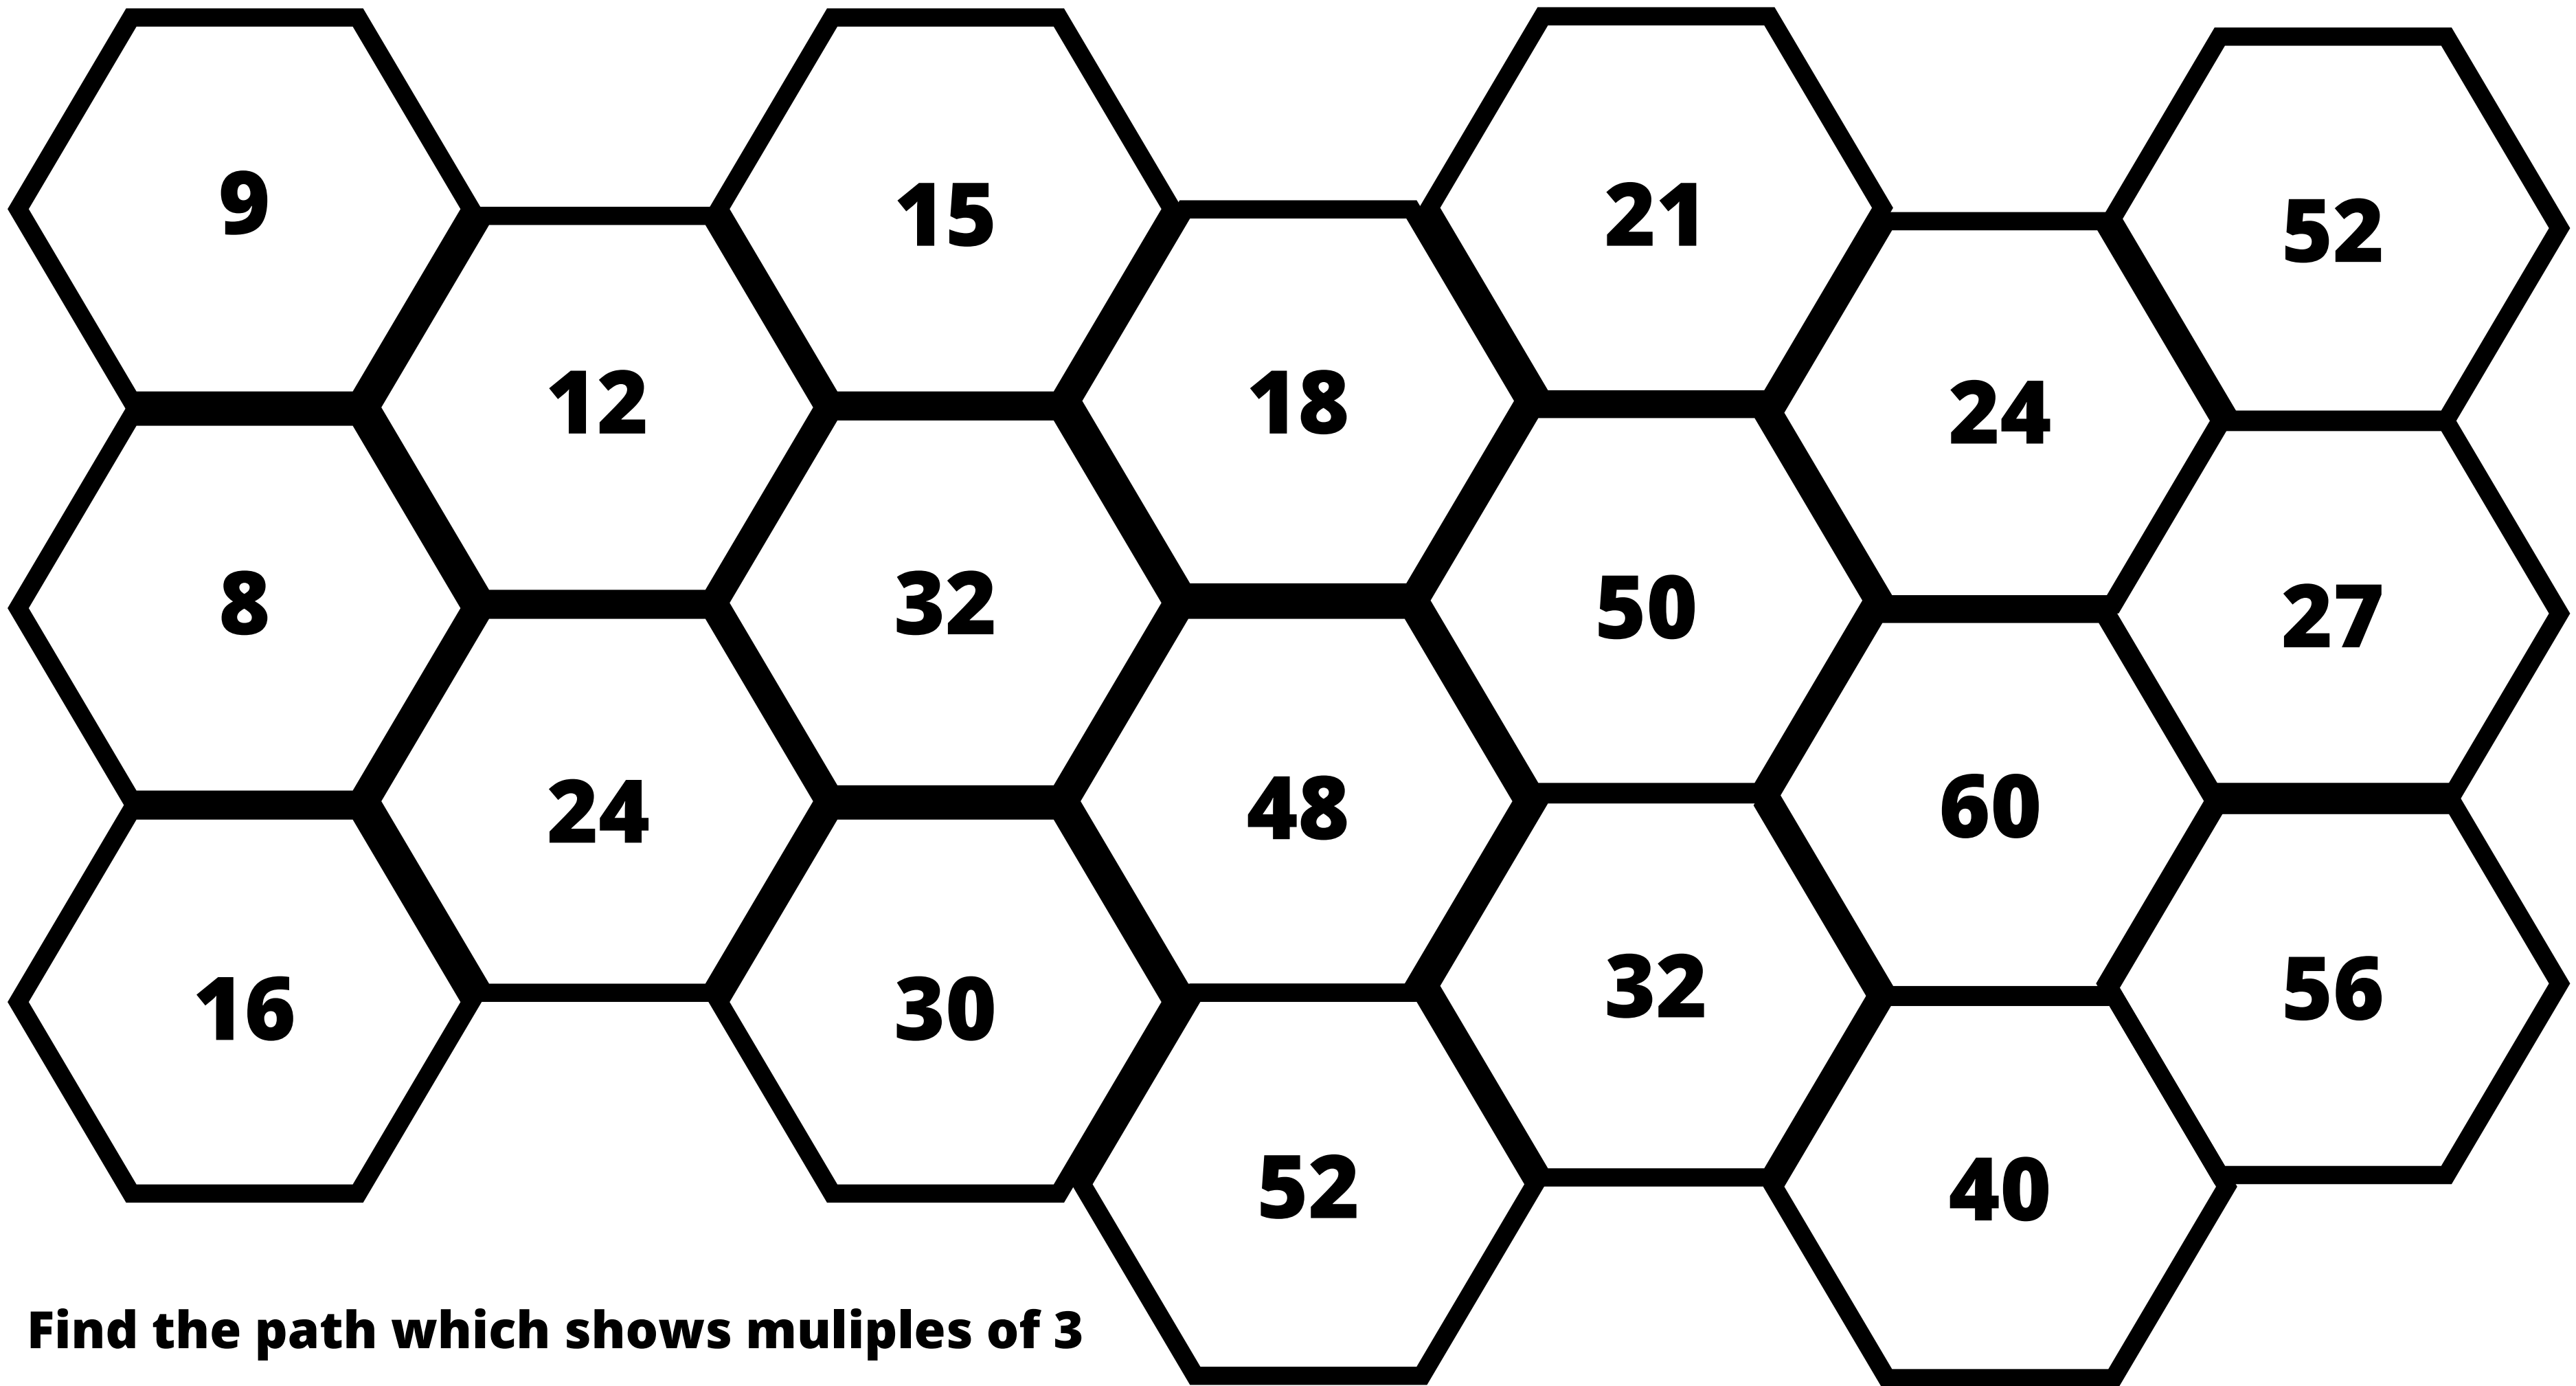

Modifications.

- Time/race children.
- Cut it out and reassemble.
- Hide the focus and allow children to try and investigate what the focus of the task is.
- Stick to another (blank) sheet and extend the grid.
- Play in pairs and create colourful paths.

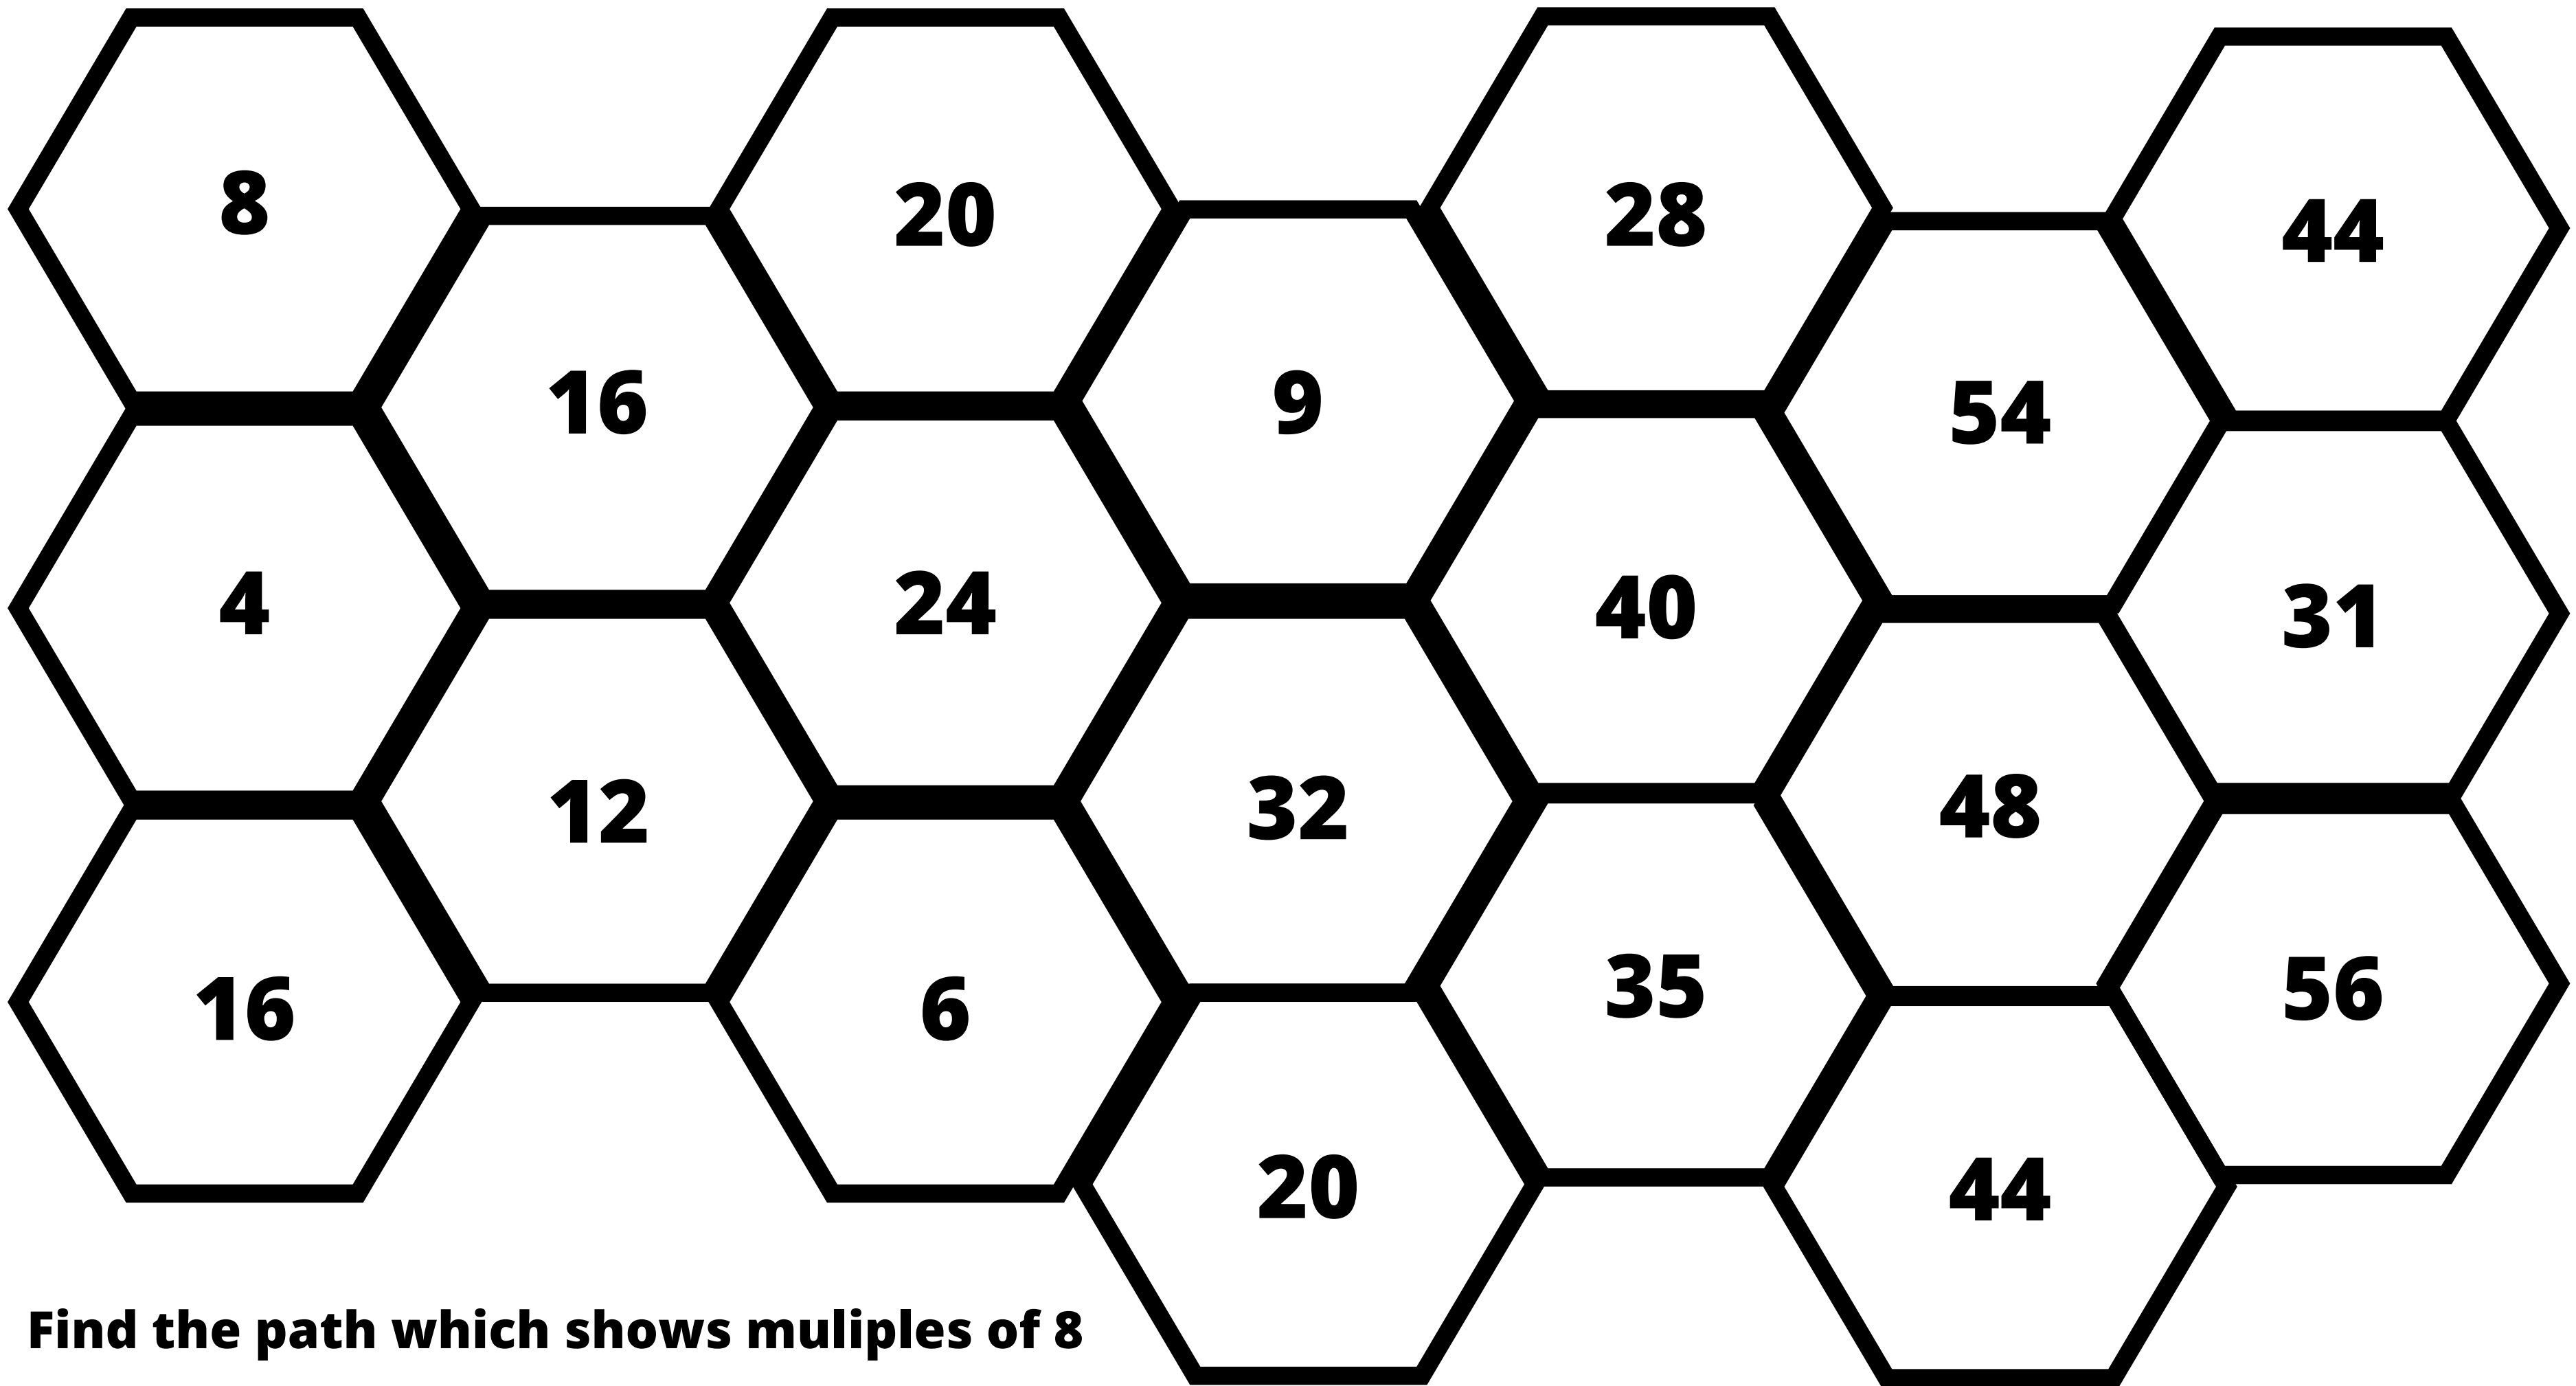

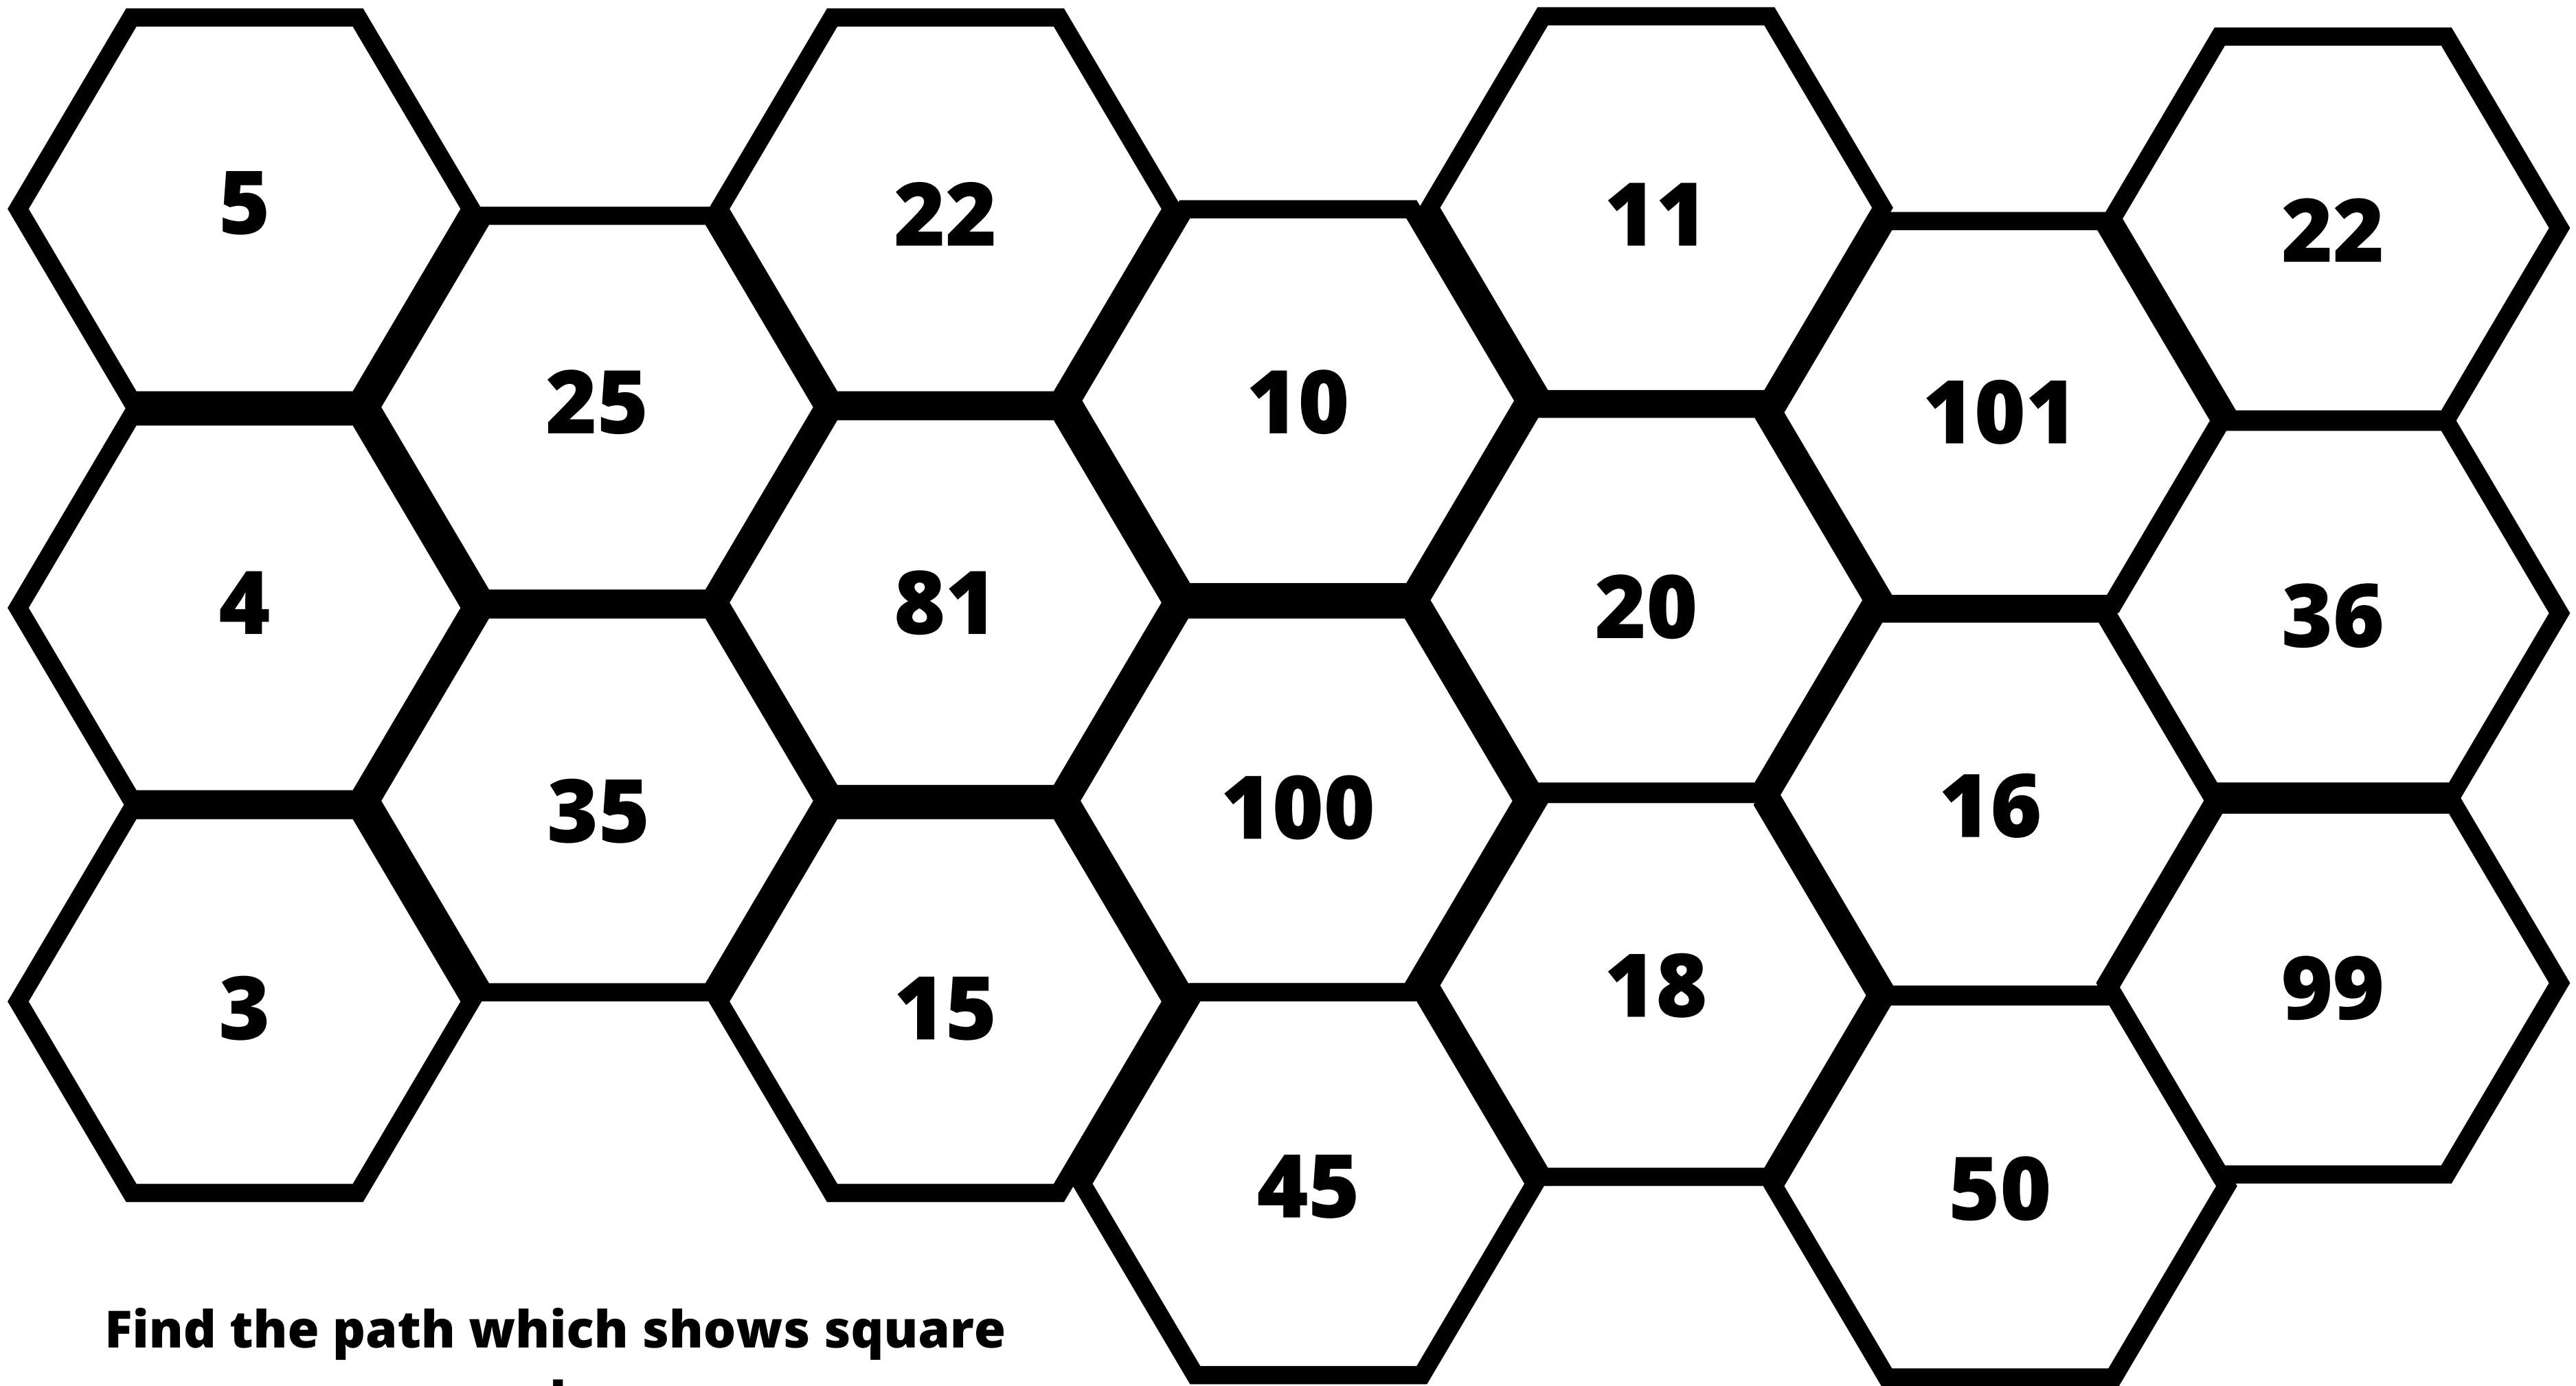

Find the path which rounds to 300 to the nearest 100.

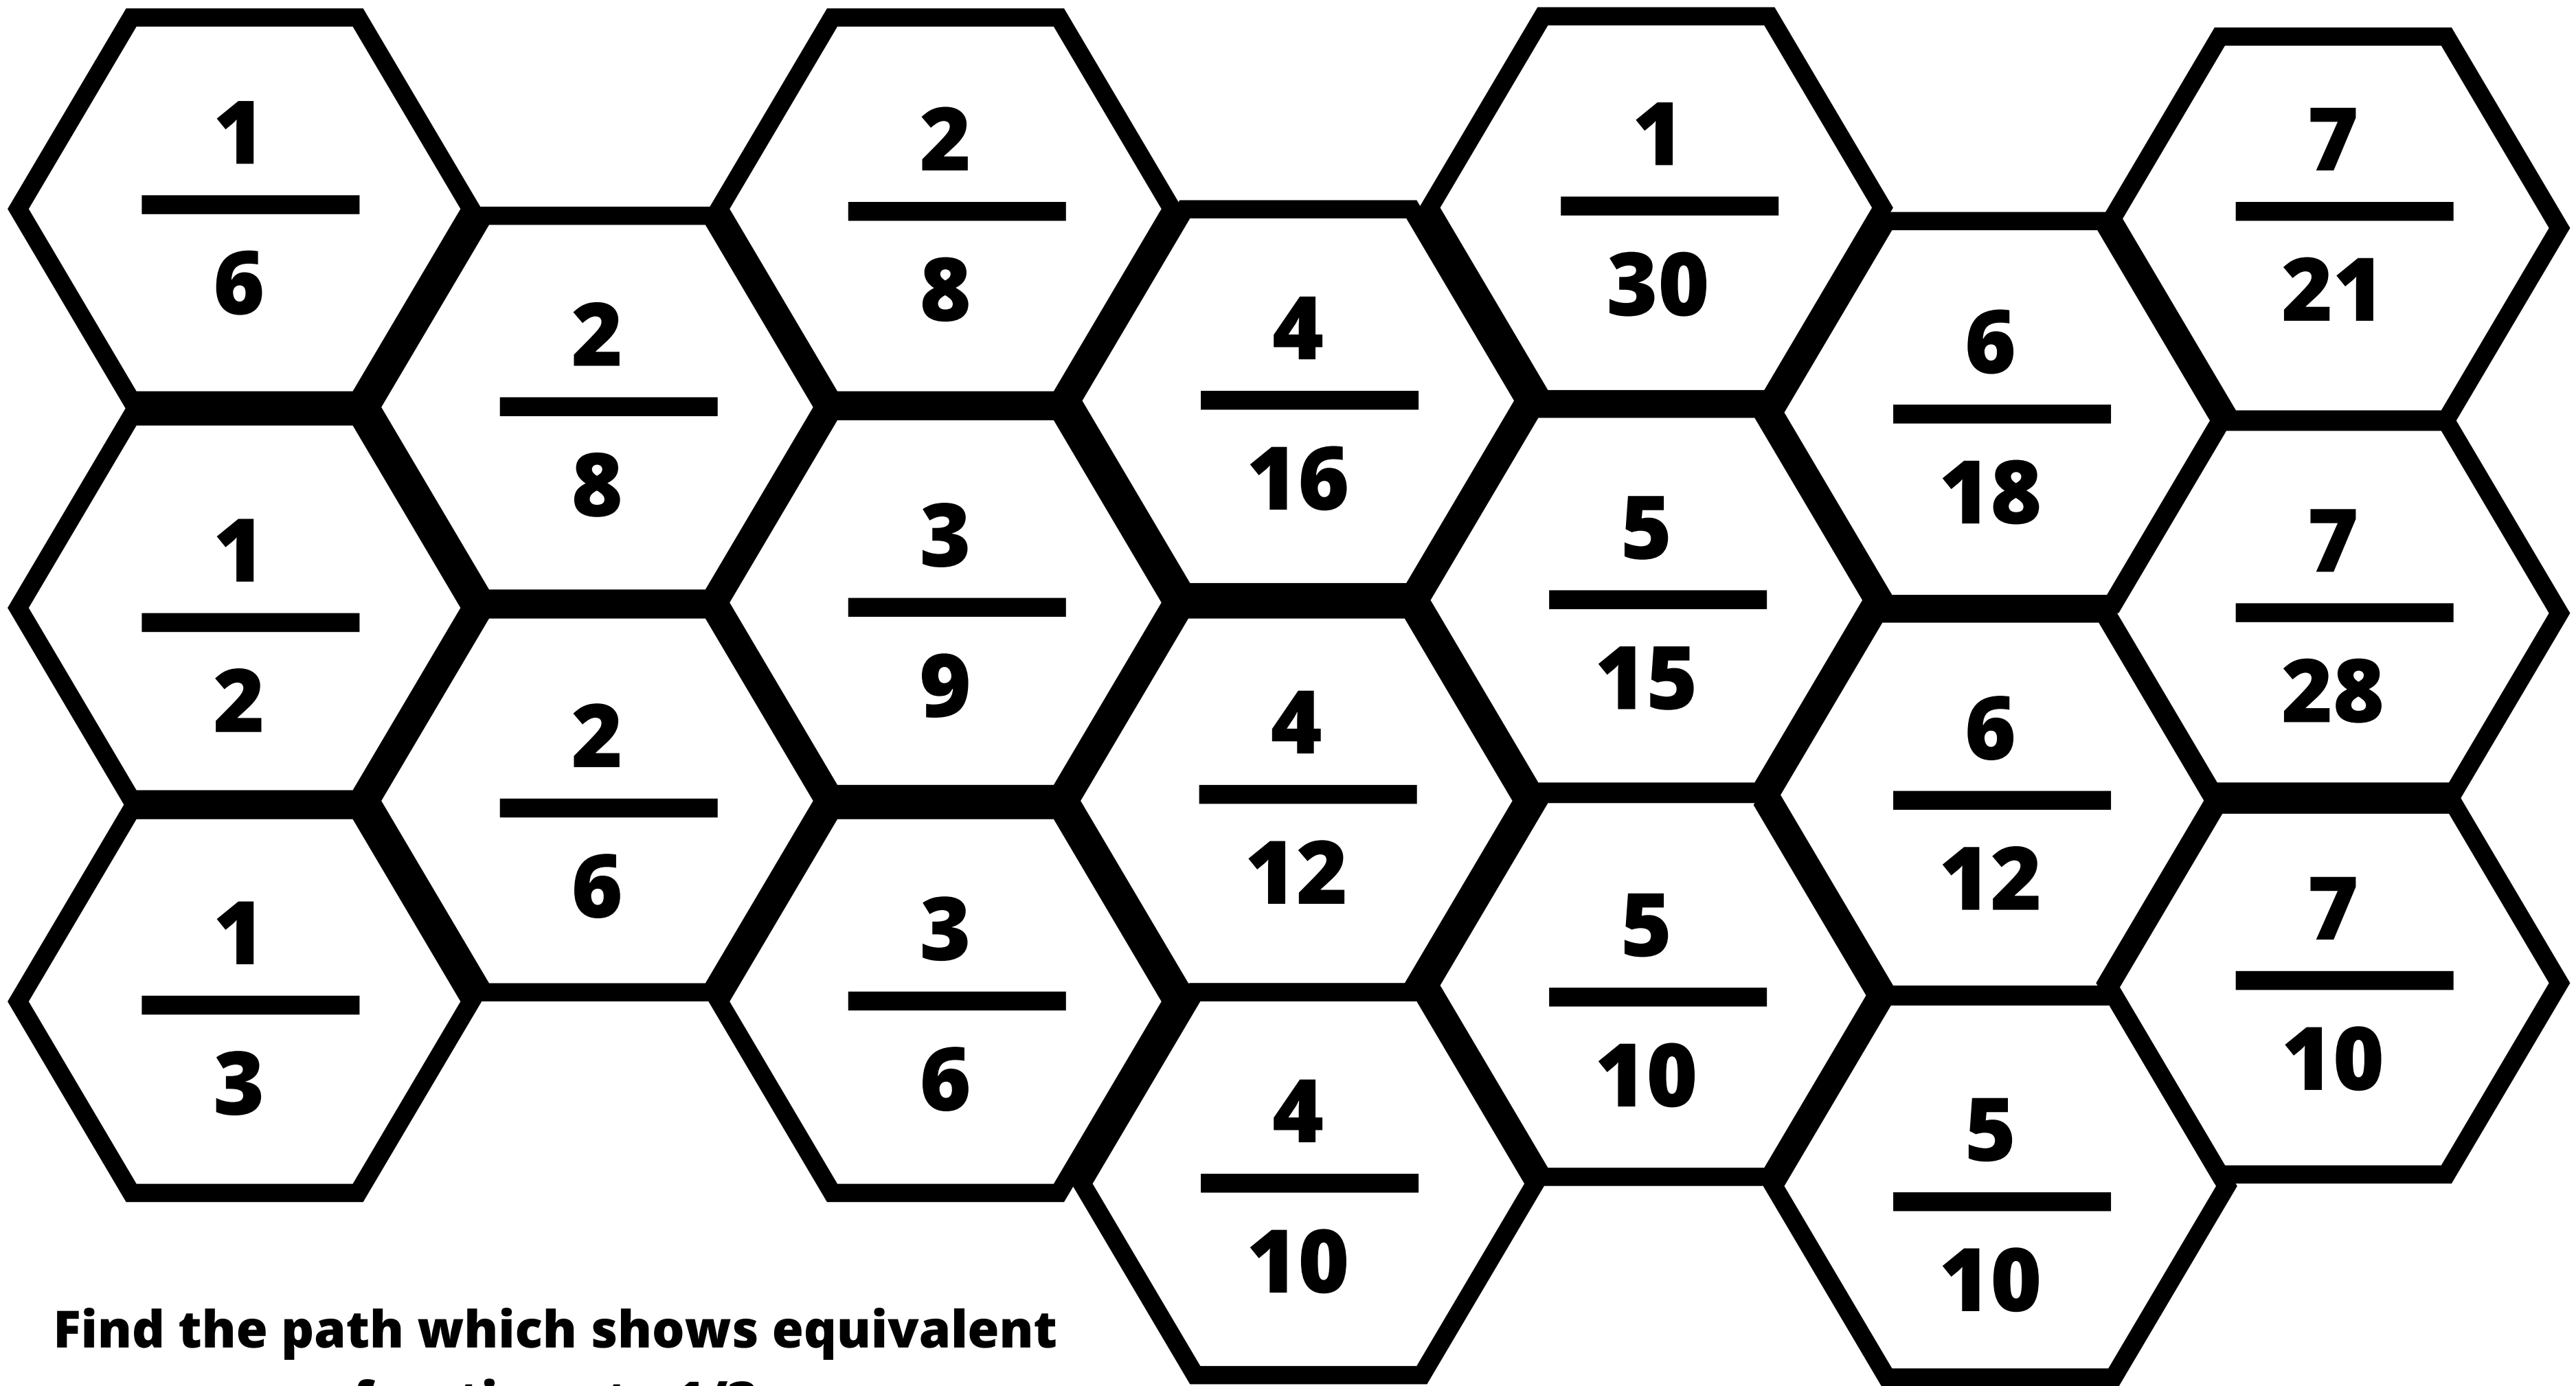

Find the path which shows multiples of 3

Find the path which shows multiples of 8

Find the path which shows square numbers.

Find the path which shows equivalent fractions to $\frac{1}{3}$
